

IET BRUNEI NETWORK ATTENDED THE LAUNCHING OF NATIONAL TRADE SKILLS PROGRAMME - 2nd MAY 2009

On 2nd May 2009, IET Brunei Network attended the launching ceremony of the National Trade Skills Training and Testing Programme at Sekolah Vokasional Nakhoda Ragam, Lambak Kanan, Brunei Darussalam. The objective of this programme is to train and assess the competence of the apprentices, tradesmen, and technicians in various skills and to certify their ability to work in the public and private industries.

The event started with a welcome address by Yang Mulia Awang Noorhaizamdin bin Haji Mosbi, the Director of Technical Education (DTE). After the welcoming, the ceremony was formally launched by Yang Mulia Awang Suhaimi bin Haji Gafar, The Director General of Public Works, Ministry of Development. His speech was followed by a video clip of the activities performed by the working committee, presentation of certificates, and a guided tour of the training and assessment workshop for the Plumbing Trade.

There are eleven trades to be conducted by the Vocational & Technical Education Institutions in the future, Plumbing being the first one of this series. The next trade is the Electrical Wiring Installation which will kick off before the end of the year 2009. The IET Brunei Network will be in the working committee to set the standards for the training and assessment of the Electrical Wiring Installation Trade.

Opening address by Yang Mulia Awang Noorhaizamdin bin Haji Mosbi,
Director of Technical Education (DTE).
